

Thank you for your interest in our CSA! Please complete the form below to reserve your share for the 2016 season.

What you will receive:

Each CSA share will provide roughly 8-12 vegetables and herbs on a weekly basis for 16 weeks. The share is proportioned to provide the majority of produce needs for a family of 2 or a portion of produce needs for a larger family. It should be ideal for a larger family seeking to incorporate more/diverse fresh produce into their cooking. If you are single or are concerned about summer travel, consider going in with a friend to either share your weekly harvest or divide the weeks.

When/where:

You will be responsible for picking up your share on Wednesdays at the Brookings Farmers' Market. If you are unable to pick up your share, please contact us to let us know who will be picking it up in your place. The shares will run from June 15 to Sept. 28.

How it works:

When you arrive at our market stand, your weekly share items and volumes will be written on a board. You will be able to select your specific items and put them into your bag to take home. There will be a swap box available as well.
